**Now it's time to enjoy this wonderful day and surprise the mum-to-be!**

After the baby shower has finished, there will be some tidying up to do. You may also have to help the mum-to-be pack up any gifts if the baby shower has not taken place in her own home. After all, the most important thing at any baby shower is to make sure the mum-to-be feels really special and enjoys the last couple of weeks of her pregnancy.
